Lovely town house with a roof terrace. We are very proud to offer this large, spacious fully reformed town house in Pinoso, Alicante, with 3 bedrooms, 2 bathrooms, an open plan kitchen, lounge with a built-in pellet burner with back boiler, which heats the house (through radiators), as well as a separate lounge by the entrance hallway (which could be used as an additional bedroom is required). There's a large roof terrace upstairs with both covered areas and sunny areas, with a view of the town and mountains, plus a utility room. High quality double glazed windows. 93m² ground floor and with the top floor bedroom, utility room etc, making over 118m² total living area. In town and walking distance to all amenities, bars, restaurants, etc. The house is also on a small lane, in town, which means you can pull your car...
