Spacious villa with great views and walking distance to La Romana. This spacious villa is a 10-minute walk from La Romana and 30 minutes by car from Alicante airport and beaches. The villa is more or less 170m² and includes a covered terrace, a large, fitted kitchen with breakfast area, a living/dining room with a wood-burning stove, a long hallway leading to the sleeping area, 3 large bedrooms with fitted wardrobes (the master bedroom has an en-suite bathroom) and a family bathroom. Attached to the villa, you have a double garage with a shed and 2 courtyards. The land is 3.000m² big and is partly fenced. The villa needs some TLC on the outside and the garden still needs to be landscaped. The property has electricity, agricultural water, and a water tank. Ideal as close to town and at the same time very private. La Roman...
