In the middle of Punta Prima's park areas and cozy alleys in the villa area, we find this villa on two floors with a garage below. Here you have a villa in Scandinavian style with large spacious rooms and good quality appliances and furniture. The home is spread over three floors in total and has a large living / dining area, nicely organized kitchen, bedroom and a bathroom. Upstairs we have two bedrooms, a bathroom and a lovely terrace with jacuzzi where you can enjoy the view of the park and the small glimpse of the sea.&#13;&#13;On the ground floor there is a spacious garage with several storage rooms, perfect for those who need storage. Here you have a lovely plot on both the front and back where you also have direct access to the pool area which is located in the middle out of the urbanization.&#13;&#13;Just ...
