This is a semi detached South facing bungalow with a traditional spanish style which has 3 bedroom 2 bathroom located in La Florida. This unique property has been renovated to a very high standard with light wood flooring throughout. We have 3 double bedrooms sharing a large shower room with hydromassage shower unit. We then have the open-plan living/dining room leading to the extended independant kitchen. Outside you will find a lovely low maintenance garden round the property with a raised sun-terrace, a second bathroom and overhead storage shed above. This property also has an underbuild stretching the length of the house making a huge storage area with well thought out ventilation completely eliminating humidity. The community has 2 large pool areas with lovely grassy gardens surrounding it. What is even better...
